

Services

Facility Nurse Staffing

Solvis is an innovative leader in the field of medical staffing. Our complete package of staffing services allows our clients to enjoy one point of contact for all of their facility needs - from recruitment to placement. Our complete staffing solution offers several specialties and disciplines, RNs, LPNs, LVNs, CNAs and other medical disciplines.

Allied Health Staffing

Our Solvis Medical, Inc. unit provides healthcare professionals in a variety of allied health settings: from physical therapists to laboratory technicians. We provide highly qualified professionals from a broad range of medical specialties, including:

- Radiology/Imaging
- Physical, Occupational, Speech Therapists, and Medical Social Workers
- Physician Assistants
- Respiratory Therapy
- Pharmacy
- Scientific/Laboratory
- Medical Administration
- Dental
- Hospital Technicians
- Administrative
- And more!

Home Healthcare

Physicians, case managers, and other referral sources rely on our Solvis Home Healthcare unit for providing compassionate skilled and unskilled homecare services. Our staff conforms to the highest level of clinical standards. We serve the needs of adult and pediatric patients who prefer care in the comfort of their own home.

NURSE On-Line™

As workers' compenstion insurance costs continue to escalate, responding to work-related injuries is challenging and expensive. Our Solvis Nurse On-Line™ unit is the best way to manage injuries and associated costs to business. We provide immediate assistance by registered nurses to employees who are injured on the job through a national call center that is available 24 hours-365 days per year. Cases are referred to affiliated medical clinics in close proximity to our clients' facilities.
